- **Jacob offered sacrifices at Beersheba:** God appeared to him and promised to go with him to Egypt, to make him into a great nation and to bring him up again
- **Register of family:** sons and grandchildren listed; in all 70 in Egypt
- **Jacob and Joseph reunited:** Joseph fell on his neck and wept
- **Instructions about meeting Pharaoh:** say your servants have been keepers of livestock so you may live in the land of Goshen

Assignment:

Notice how the LORD once again appears to Jacob at an important time in his life to reassure him and restate His promises. Why is this important, especially regarding going to Egypt?

How is the LORD working to fulfill Genesis 15:13-15?

Why was it important for Pharaoh to know that Joseph's family were all shepherds?

How are you learning to rely upon God's promises, timing and goodness?
