Lesson 20: "16th Test: Rejecting the False, Embracing the True" 1 John 5:18-21

What is the most fundamental concept that we take away from this text?

What type of sin is not characteristic of a believer?

Read the first 2 chapters of Job to see how Satan roams around trying to tempt us. How do these chapters show God's power and control?

1 John 5:21 talks about idols and John warns us to flee from them and guard ourselves.

- What are some idols in your life?
- What are you going to do about that?

How were the false teachers of John's day creating idols? How was that bringing disruption to the church?

What was your favorite test?

Were there any that you didn't pass? Why do you think that is?

How are these tests going to change your walk with the Lord?

How are you going to engage others now when you see a lukewarm friend?
